### **Steal The Keys**

Put the keys in the metal bowl, and place it under the chair.

Everyone makes a wide circle around the chair.

A Person is blindfolded, and Sits in the chair, armed with the Newspaper/Nerf Sword.

The Blind Man must defend the keys, if he connects with someone that person is either out, or sent back to start again.

The objective is to sneak up and get the keys from the bowl, back to the starting area, without being hit.

The successful sneaker gets to be the next blind man.

It can be played in turns, or all at once, which makes for fast competitive sneaking.
